Welcome!

Telegraph Hill Festival: Celebrating the arts, and building and sustaining a strong community.

Now in its 25th year, Telegraph Hill Festival shows what working together as volunteers and building on past Festivals can achieve. Over four weekends and 16 days, and more than 140 events and whole-day 'mini-festivals', there's so much to explore and enjoy.

In addition to the community musical, we have classical concerts, bands, comedy, theatre, murder mystery, visual art and open studios, and wellbeing workshops and talks. We're also celebrating the outdoors, with a folk festival in a forest, children's secret nature trail, and a downloadable podcast for an immersive walk through the park. Our 25th anniversary 'Park Spectacular' will see Telegraph Hill Lower Park pulse with light, music, installations and more. Join us on 13 April to celebrate the past, present and future of the Festival. Experience the park like it's never been seen before.

We have also expanded our food offering this year to bring you delicious dishes from fantastic local suppliers and are continuing our efforts to leave no trace, looking at viable alternatives to plastic cups and food containers. Can you help us? Will you bring your own refillable cups to help reduce waste? Can you take away empty bottles for recycling in your recycling bin?

Now it's over to you. Come along, support your Festival, but most of all have fun!

Huge thanks to our wonderful core partners, St Catherine's Church and Telegraph Hill Centre for putting up with upheaval, hosting rehearsals and the bulk of our events, and ceaselessly supporting the whole Festival. Thanks too to Goldsmiths for the graphic design of this programme and for events in the programme from staff and students there.

This year the Centre has been renovated and redecorated in time for the Festival. So visitors will notice a new coat of paint, comfy chairs, a redesigned Cloister Garden and a new community space – Studio 3 Hub.

This Festival offers something for everyone from health and well-being, to music, art, drama and beyond. There will be tears and laughter, but most of all it's a time to celebrate the greatest foundation of all – community.

The Telegraph Hill Centre, which is funded by St Catherine's, its rentals and local fundraising, welcomes over 1,000 people each week to classes, events and individual therapy sessions.

We are sure the Festival will spark ideas and new possibilities so please come and talk to us and see how we can help them flower. We look forward to welcoming you not just during the festival but throughout the coming year.

Each year the Telegraph Hill Centre and St Catherine's church open their doors to the Telegraph Hill Festival. Like everyone else we look forward to this annual gathering of local creativity and talent.

Synopsis

A kitsch cult classic re-imagined in 80s LA (Skid Row). Our hero, flower shop assistant Seymour, finds a "strange and interesting" plant transforming his fortunes overnight. But a Faustian pact with an insatiable plant craving world domination spells trouble.

Just how much is Seymour prepared to sacrifice for this newfound fame and to win the heart of sweet, but troubled, Audrey?
